

Better Feed . . . Better Fish

# SQ Premium

**COREY SQ Premium** feed is formulated to meet the challenging production and marketing requirements of today's intensive aquaculture industry. **SQ Premium** is produced to maximize energy content for maximized growth and decreased time to harvest. This highly digestible formulation is composed only of high quality fish and vegetable products. Highly palatable **SQ Premium** feed has a naturally balanced amino acid and nutrient profile to maintain healthy fast-growing salmon that are animal protein free.

As your fish grow with **SQ Premium**, the protein to energy ratio changes to match their changing nutritional requirements. Similarly, as the industry grows and develops, we will continue to introduce new products and feeding strategies to meet new challenges.
